Day 5 - Opportunities with CurbNTurf.

Brought to you by CURB N TURF

We've talked about how to network with your community on Day 1. On Day 2, we shared a bunch of ways to help you tap into federal, state and local resources to help you increase or start your agritourism business. Today, let's talk about one of the easiest ways to start making money from your property. We've talked about how to discover your niche on Day 1. On Day 2, we talked about how to network with your community. We explored ways

Are you currently allowing guests to come stay on your property. You can open your home bed and breakfast style, or as an AirBnB. If you'd rather not have guests inside your home, a new option for you is CurbNTurf, a listing service for RV users to rent a piece of your property to park. You decide the level of amenities you want to provide - no services, electricity, water, etc. The sign up process is easy and quick. Please visit https://www.curbnturf.com/host.

Why is CurbNTurf such a great opportunity?

1. CurbNTurf takes care of the marketing for you... you just have to list your space and maintain it. Although, we do recommend you add your CurbNTurf booking link on your site and social channels.
2. No hassle payments... CurbNTurf takes care of the payment end of things and you just get to enjoy the money for the transaction.
3. Easy and efficient way to increase your revenue... much easier than running a B&B or having guests stay in your home. Many AirBNB hosts have had guests cause extensive damage to their homes. However, when your guests are staying in their own RV, the risk to you and your home are much reduced.
4. CurbNTurf's platform has tools to help you upsell or cross-sell to your customers. We offer an a-la-carte feature where you can add products, goods, services, tours, lessons, etc to your listing. You can give your guests unique experiences. Go to our website, www.curbnturf.com/host to learn more about these features or start listing your property.

The RV Hosting Opportunity

Each year, more than 500,000 RVs are sold. However, there are only 18,000 RV campgrounds. And, many RV campgrounds are in bad locations, such as on the side of highways, where people don't want to park. Many RV campgrounds pack people in so tight, and RVers would much rather park in a more beautiful place where they have privacy and some space. There is a huge need for more nice places where RVers can park while they are traveling.

You are providing a place to stay for those who have joined the booming RV industry. With COVID and so many other issues, people STILL want to travel, but they want to do it in a way that feels safe to them. RVs provide that solution. The new problem is there aren't tons of great places to park those RVs. CurbNTurf connects RVers to wonderful places to stay.

How do I make money from CurbNTurf?

You can set a price on CurbNTurf that you will charge RVers each night they park on your property. These fees might normally be about $40-$50 per night, but the fees can vary substantially based on the amenities you provide, your location, how close you are to popular destinations, the time of year, the competition or lack thereof for other places to park in your area, etc.

In addition to charging people for parking on your property, please remember that you will be bringing more people to your property, and those people can purchase other agritourism products and services you offer. For example if you have a strawberry farm, you could charge your RVer guests to pick strawberries, buy your strawberry preserves, or serve them strawberry waffles for breakfast and strawberry shortcake for dinner.

Today's Action

1. Walk your property and map out where RVs could park.
2. Decide how many RVs you would want to let park on your property at a time.
3. Decide what amenities you would offer the RVers.
4. Decide what you would want to charge RVers per night to park on your property. Don't worry. You can change the pricing at any time.
5. Take some pictures of your property.
6. List your property at ***https://www.curbnturf.com/host***.
7. Or you can call us at **(800) 877-5005** with any questions. We can also help you get the CurbNTurf listing for your property set up.

This course is brought to you by CurbNTurf, a service kind of like AirBNB, but we connect agritourism businesses and other property owners with RVers who need a place to stay while they're traveling. CurbNTurf can help bring more customers to your agritourism business, plus help you generate new income streams as the RVers pay to stay on your property. To learn more about listing your property for free on CurbNTurf, please visit: https://www.curbnturf.com/host. Or you can call us at (800) 877-5005 with an questions. We can also help you get the CurbNTurf listing for your property set up.

Notes:
